

From The Principal's Desk:

It gives me immense pride to introduce the inaugural edition of our college newsletter, A platform for not just information, but inspiration. This publication reflects the heartbeat of our academic community, where ideas flourish, creativity thrives, and excellence takes shape.

STUDENT'S CORNER

THE IMPORTANCE OF FORGIVING

Forgiveness is always like a magic of key that unlocks our heart and sets us free. Wherever we forgive, we let go of anger, sadness, and hurtfulness. It's always like releasing heavy load from our shoulders, lives and heart.

But forgiveness is always not easy. It takes courage and efforts to let go of our emotions. However, it's worth it like a diamond in our lives. whenever we forgive, we become stronger and wiser. Forgiveness is not for others, but for ourselves, it's a gift to our heart and soul, so always choose to forgive and live a happier and more peaceful life.

Now it's turn to recognise a beautiful quote said by Mark Twain :

"Forgiveness is the fragrance that the violet sheds on the heel that has crushed it".

"WE ARE THE CHANGE"

"We are the change we want to see,
A world of love and equality.
Let's break the chains of fear and hate,
And celebrate our difference, don't hesitate.

With every step, with every stride,
We can make a difference, side by side.
Let's hold hands, let's stand as one,
And create a world that's just and fun.

Together we can make a brighter day,
Where love and kindness drive the darkness away.

Let's spread joy, let's spread love,
And make the world a better place to live."
