WAYS OF GUIDING ADOLESCENT STUDENTS.

- MAKE THEM RESPONSIBLE: Make yourself available to them when they need help and guidance. Never avoid students according to your personal choices but make them responsible and capable for doing tasks.
- INCLUDE RIGHTS WITHOUT DENYING THEM: Firstly, you have to give students their right. There should be no dominance over child but all right should be followed properly. Students should be encouraged to give their best.
- INTERESTS: Take time to get to know their interests and use them in lesson planning to make teaching more effective. It's difficult to please everybody but we can go for popular topics chosen by many of our students.

EXPERIENCE DURING TEACHING

School internship is an important part of Teachers Training Program. I Was excited and nervous for my first day of internship.

I got to learn a lot about myself. The Student-teaching experience allowed me to put everything that I have learned about education in Action.

During my teaching, my mentor Guided me along and helped me the kind of teacher that I want to be.

The most important thing I learned is Confidence I have learned a lot from different teammates such as different teaching styles, Class Teacher Work skills and so on.

MORNING ASSEMBLY

Students from various classes form lines, close their eyes and sing the prayer along with other students. It's a wonderful feeling for a K'vian to stand in a line and chant "Asatoma Sadagamaya..." then switching on to "Daya Kar daan Vidya Ka, Lame. paramatama dena". and at last "Om Sakona Bavata..." Om Shanti! Shanti! Shanti!

This best thing during the Assembly is that no one is Hindu, Muslim, Sikh, Jain, Christian, or from any religion... no one is poor or rich, fair or black, from upper or lower caste. But they all are K'vians and INDIANS.
